

Devise a booklet which you could use to teach younger children about the words and phrases you have used in the Our School Unit.

In pairs, devise and present a Gymnastic display for an audience. One person gives the instructions (in French); the other performs the movement, then swap over.

Make a 'lift the flap' board for the vocabulary used in the Our School Unit. Draw pictures, and then make a flap to cover it with the word on the flap. Use it with a friend. They read the French card, and then say what the English word is before lifting the flap to reveal the picture.

Create a French–English dictionary for the vocabulary of one of the lessons in the Our School Unit, make sure the words are in alphabetical order.
